

AutoCAD is free

1

Navigate to:

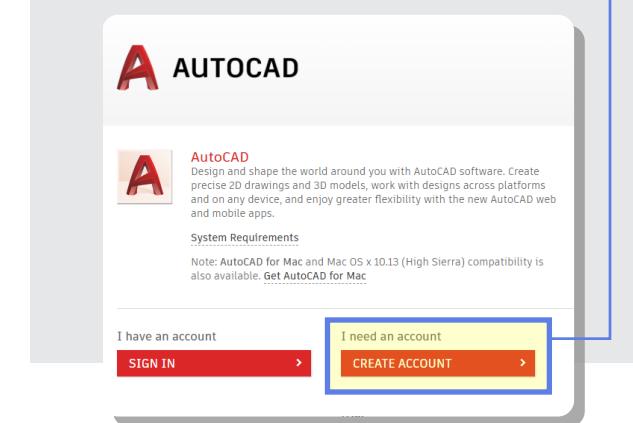

<http://autodesk.com/education/home>

Click: Free Software.

2

Click: Create Account.

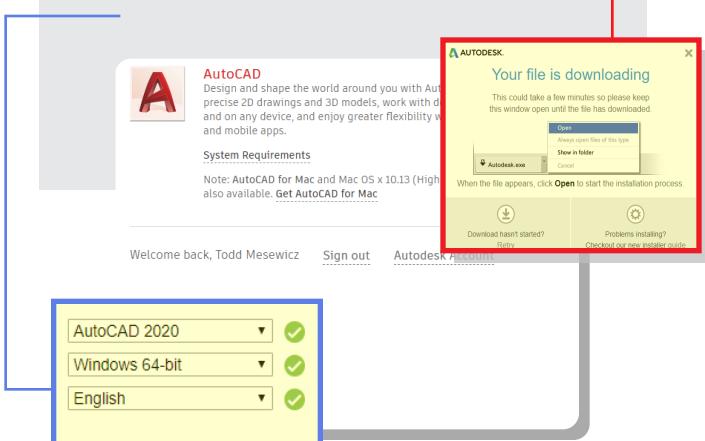

5

Log in: to Autodesk Education.

Click: AutoCAD again to install.

Choose: AutoCAD version,

OS, Language and **Click Install**

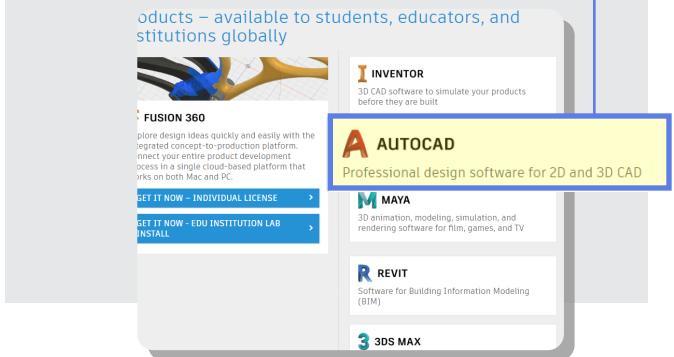

follow these steps to register and begin using **AutoCAD at home**.

2

Click: AutoCAD.

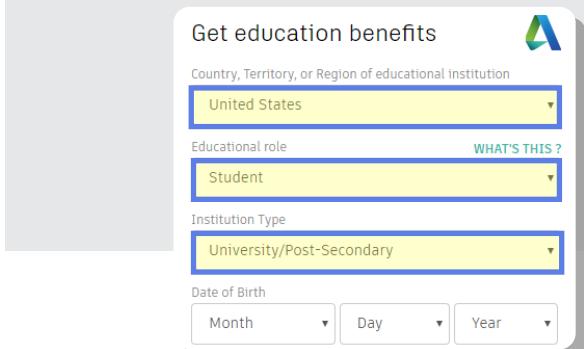

This will bring you to another page where you can create an account.

4

Fill out: country, educational role and any other required information.

Check e-mail: Verify account details.

6

Check e-mail: AutoDesk **will send you an email** with a serial number to activate the software. Don't lose this.

Run installer: After web installer is finished being downloaded. **Run it.** It will automatically activate.
